

The winner of the **2016 Outstanding Group or Foundation Award** is a caring group of women that stands ready to address any community need as it comes up in Martin County. This organization partners with community organizations as unmet needs are identified. Examples of recent projects include painting the former home of Project LIFT, distributing bikes at the White Doves Holiday Distribution event, participating in the International Coastal Cleanup coordinated locally by Keep Martin Beautiful, providing turkeys to the Treasure Coast Food Bank, and hosting an information breakfast for Devereaux Community Based Care. These are just a small sampling of the recent community projects completed by this amazing civic group.

An important fact to know - The Children's Museum of the Treasure Coast would not exist without this philanthropic group. Members felt something crucial was missing in the cultural community and two leaders knew this group had the persistence, influence and resources to bring a Children's Museum to the Treasure Coast – and they did. Countless hours of volunteerism and research, forming a Board of Directors and assisting in raising a lofty capital campaign goal and many other significant contributions over the past 17 years.
