

## **FACT:**

The life of virtually every child in Palm Beach County is threatened by drug abuse . . . yet in Palm Beach and four neighboring counties combined . . . we have facilities to treat only 24 youngsters at a time!

## **FACT:**

Over 5,000 reports of child abuse were made last year in Palm Beach County alone . . . but our crisis nursery can treat only 12 abused children at any given time!

## **FACT:**

Hundreds of Palm Beach County babies, born without prenatal care, are more likely to die or have permanent disabilities.

## **FACT:**

Florida spends less on human services, including children's services, than any other state.

## **FACT:**

On November 4, you can help solve these and other problems by voting to establish "The Children's Services Council of Palm Beach County" to plan, coordinate and fund critically needed services for children from infancy through age 18
