

EARLY CHILDHOOD PSAV AND CERTIFICATE PROGRAM

*Early Childhood & K-12
Programs*

Palm Beach State College

At Palm Beach State College, you can choose from many career options and pathways. From entry-level training courses in early childhood and school age, to training for future business owners interested in family child care, to certificate programs that specialize in early childhood and school age, to an Associate in Science degree in Early Childhood Education

Palm Beach State College can provide the training you need to comply with the latest laws, enhance your professional development and meet the needs of the community.

TEACHER EDUCATION K-12 PROGRAMS

*Early Childhood & K-12
Programs*

Palm Beach State College

At Palm Beach State College, you can earn your K-12 Professional Teaching Certificate through an alternative route to certification or attend courses for professional development. Professional development courses are open to all teachers or future teachers wishing to continue their education or to obtain additional credentials to support them with being the most successful and effective educators in their field.

Pathways to Certification

[Educator Preparation Institute \(EPI\)](#)

The Educator Preparation Institute (EPI) assists qualified professionals who have completed a non-education Bachelor's degree and wish to become Florida certified teachers.

[Recertification/Renewal](#)

Palm Beach State College offers courses that may count toward the renewal of the Florida Professional Teaching Certificate

[Career and Technical Educator \(CTE\)](#)

Palm Beach State College has courses for School District of Palm Beach County Career and Technical Education (CTE) teachers to satisfy district certification requirements.
