The number of flights in this competition will be determined by the number of tournament entries. A player's Flight will be determined by their first round score. The Flighting round (first round) will count toward the total three round aggregate score in determining the winner in each flight.

In addition to the Flights determined by your first round score, there will be a Senior and Women's Flight. To qualify to participate in the Senior Flight, participants must be 65 years of age or older by November 5, 2011.

The Senior and Women's Flights will both have a gross and net score winner. Handicaps for both flights will be determined either by a certified USGA handicap or by submitting five (5) of your most recent scorecards and a handicap will be determined by the Rules Committee.

**All other flights will be gross score only.**
