

**DOG BONE reflectra® Stitchfoil from Madeira
Run Sheet**

1. Placement line (thread color does not matter)
2. Pause – program your machine to pause
cut the foil to size and place the foil with a little spray adhesive so
that it covers the placement stitch completely.
3. Tack Down (then tear away the excess applique material)
3. Color for outline

You program in the same color for each step, such as needle 3, needle
3, needle 3 and the machine will stop between the color changes for
you to perform the other steps.
